**Intro: D A Bm G**

**Verse 1:**

                  D  
This alabaster jar  
                  A  
Is all I have of worth  
                  Bm  
I break it at Your feet, Lord  
                  G  
It's less than You deserve  
                  D  
You're far more beautiful  
                  A  
More precious than the oil  
                  Bm  
The sum of my desires  
                  G  
And the fullness of my joy

**Pre-Chorus:**

                  Bm  
Like You spilled Your blood,  
                  G  
I spill my heart  
                  Bm                  A  
As an offering to my King

**Chorus 1:**

                  D                  A  
Here I am, take me  
                  Bm                  G  
As an of--fering  
                  D                  A  
Here I am, giving  
                  Bm  
every heartbeat  
                  G                  D                  A                  Bm                  G  
For Your glory take me

**Verse 2:**

This time that I have left  
                  A  
Is all I have of worth  
                  Bm  
I lay it at Your feet, Lord  
                  G  
It's less than You deserve  
                  D  
And though I've little strength,  
                  A  
And though my days are few  
                  Bm  
You gave Your life for me so  
                  G  
I will live my life for You

**(Repeat Pre-Chorus)**

                  Bm  
every heartbeat  
                  G  
For Your glory take me  
                  D                  A  
Here I am, take me  
                  Bm                  G  
As an of--fering
