**Verse:**

Oh fear has no hold on me  
'Cause Your mighty hand holds all of me  
Your blood paid it all for me  
And so I take another step  
Drawing near to Your promised land  
Your grace paves the way for me

**Pre-Chorus 1:**

And I'll walk round and round  
And round and shout

**Chorus:**

Woah  
Let the walls crumble down  
Angel armies all around  
I'm standing in Your promise now  
Your promise now  
Woah  
Let the voice of praise resound  
Of Heaven's glory reigning down  
I'm standing in Your promise now  
Your promise now

**Verse:**

Oh fear has no hold on me  
'Cause Your mighty hand holds all of me  
Your blood paid it all for me  
And so I take another step  
Drawing near to Your promised land  
Your grace paves the way for me

**Pre-Chorus 1:**

And I'll walk round and round  
And round and shout

**Chorus:**

Woah  
Let the walls crumble down  
Angel armies all around  
I'm standing in Your promise now  
Your promise now  
Woah  
Let the voice of praise resound  
Of Heaven's glory reigning down  
I'm standing in Your promise now  
Your promise now

**Bridge: - (2X)**

There's no other Name I'll trust  
There's no other Name I'll shout  
There's no other Name but Jesus

**Pre-Chorus 2:**

And I'll walk round and round  
And round and round and round  
And round and round and shout

**Chorus:**

Woah  
Let the walls crumble down  
Angel armies all around  
I'm standing in Your promise now  
Your promise now  
Woah  
Let the voice of praise resound  
Of Heaven's glory reigning down  
I'm standing in Your promise now  
Your promise now
