Verse 1:

In the darkness
God, You lead me through the night
In the summit
In the wonder
I am guided by Your light

You go before my every way
I'm not afraid so I will say

Chorus 1:

You're with me God
In every breath, in every step
No matter where
I know You're there
You're by my side
Through the wilderness

To the deepest
And the farthest
I will follow where You go

God I know You won't let go
